

Login Screen

A mobile application login screen mockup. At the top is a black status bar with white icons for signal, Wi-Fi, and battery, and the time 12:30. Below the status bar is a large light gray rectangular box with the text "Instert Logo Here" centered inside. Underneath the logo box are four white input fields with rounded corners and thin gray borders, each containing placeholder text: "Name...", "Email...", "Password...", and "Confirm password...". Below these fields is a prominent blue button with rounded corners and the text "Create Account" in white. Under the button, the text "Already have an account? [Sign In](#)" is displayed in a smaller, gray font. At the very bottom is a black navigation bar with three white icons: a back arrow, a circle, and a square.

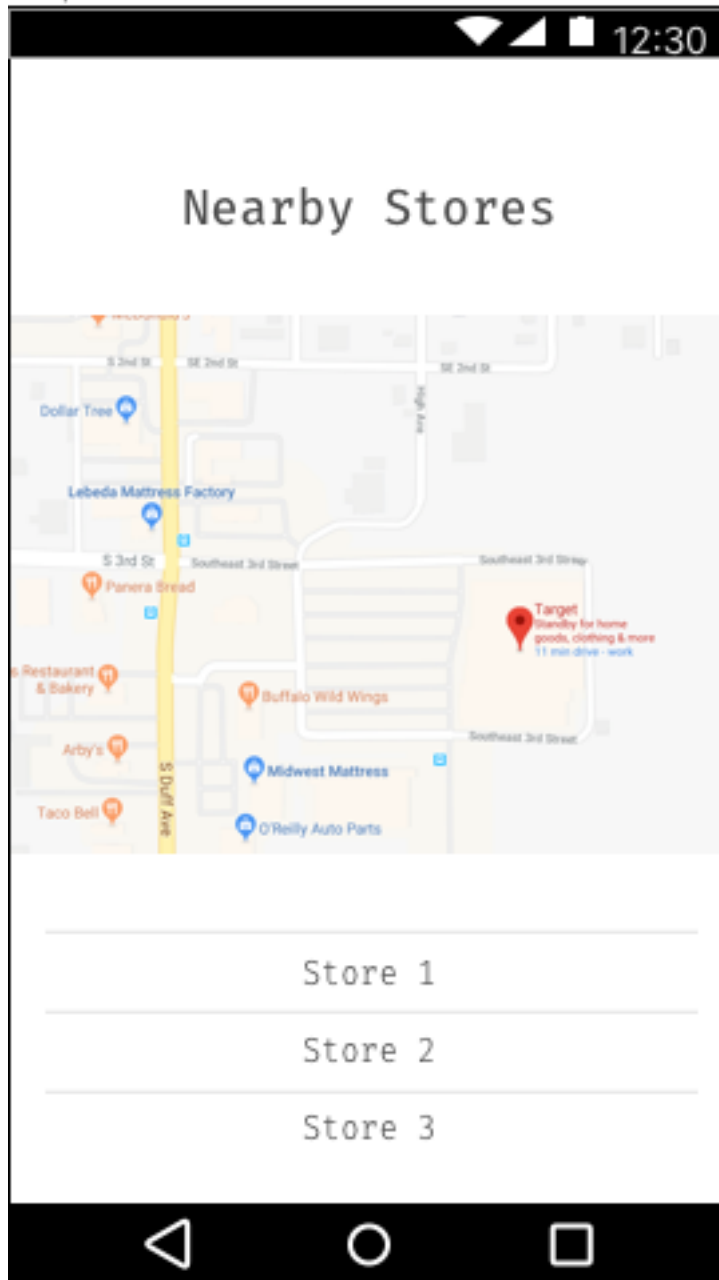

This is the account login screen. Here, the user will enter their information which will be stored on the user database.

Shopping List Screen

This is the simple shopping list. Here, the user can manually add ingredients that he/she needs to pick up from the grocery store, and they can check them off when completed. They will also be able to automatically add all of the necessary ingredients that they need for a specific recipe, from the screen of the recipe itself.

Map Screen

The 'Map' section of the menu will include a view of a user's local area based on their current location, and it will use google maps api to display nearby grocery stores.
